

SECOND ANNOUNCEMENT

13TH MEETING OF THE HUNGARIAN PANCREATIC STUDY GROUP (HPSG)

15-17 NOVEMBER 2024

TOPIC

*Mortality and Morbidity
After Acute Pancreatitis*

ORGANIZER

Péter Hegyi (HUN)

INSTITUTIONS

Semmelweis University
University of Pécs
University of Szeged
Translational Medicine Foundation

CONFERENCE VENUE

Baross street 22, Budapest 1085 Hungary

ACCOMMODATION

Leonardo Hotel Budapest,
Tompá street 30-34, Budapest 1094 Hungary
You can book accommodation by scanning or
clicking the QR code.
For the discounted price
use the code **HPSG24**.

REGISTRATION FEE

300 EUR

Including the scientific program, catering,
welcome reception and gala dinner

REGISTRATION

Scan or click the QR code
to access the application form.

INTERNATIONAL SPEAKERS

Abraham F. Bezuidenhout (US)
Brian C. Searle (US)
Chenchan Huang (US)
Christoph Ammer-Herrmenau (DE)
Gabriele Capurso (IT)

Jimin Lee (KR)
Linda C. Chu (US)
Lucía Guilabert (ES)
Maisam Abu-El-Haija (US)
Miklos Sahin-Toth (US)
Rahel Scholz (DE)
Richard Meier (DE)
Rinta Mathew (GB)
Santhi Swaroop Vege (US)
Sara Nikolić (SI)
Stefania Bunduc (RO)
Tamas A. Gonda (US)
Albrecht Neesse (DE)
Vijay Prem Singh (US)

Project no. TKP2021-EGA-23 has been implemented with the support provided by the
Ministry of Innovation and Technology of Hungary from the National Research,
Development and Innovation Fund, financed under the TKP2021-EGA funding scheme.

TOPIC

Mortality and
Morbidity after
Acute Pancreatitis

13TH HPSG CONFERENCE

MEETING OF THE
HUNGARIAN PANCREATIC STUDY GROUP

15-17 November 2024

Centre for Translational Medicine
Budapest, Hungary

MAIN SPONSORS

Project no. TKP2021-EGA-23 has been implemented with the support provided by the Ministry of Innovation and Technology of Hungary from the National Research, Development and Innovation Fund, financed under the TKP2021-EGA funding scheme.

A medical stethoscope and a blood pressure cuff are shown on a white background. The stethoscope has a silver-colored chest piece and a black tube. The blood pressure cuff is made of a textured, grey material. The text "13TH HPSG CONFERENCE" is overlaid in the center in a bold, grey, sans-serif font.

13TH HPSG CONFERENCE

WELCOME

Dear Colleagues,

We warmly welcome you to the 13th annual meeting of the Hungarian Pancreatic Study Group (HPSG).

The HPSG was established with the goal of advancing pancreatology. We first built a strong foundation through experimental research, then established extensive patient registries and biobanks, and initiated clinical trials to enable high-quality clinical research. The development and adaptation of evidence-based clinical practice guidelines, along with the translation of research results into community benefit, have supported improvements in patient care. More than 200 publications in the past 12 years are proof of our commitment to improving patient care and advancing research in pancreatology.

We consider this conference an excellent opportunity to continue expanding our efforts internationally, bringing together clinicians, experimental scientists, and both junior and senior members of the pancreatic research community.

The program features state-of-the-art invited lectures by distinguished international experts, as well as oral abstract presentations covering current clinical and experimental investigations. To facilitate networking and personal discussions, attractive social events will complement the scientific program. We are delighted to host you at the gala dinner in the elegant venue of the Hungarian Academy of Sciences.

On behalf of the HPSG and the organizing team, we wish you a productive and enjoyable stay in Budapest.

PÉTER HEGYI
chair

REGISTRATION

The conference registration includes the final program booklet, access to the 3-day scientific program including catering service, and all social events accompanying the conference.

PRESENTATIONS

Presentations will be uploaded with the help of our technician inside the conference room. Speakers can upload their presentations during the break before their sessions.

SOCIAL EVENTS

Welcome Reception

(for invited conference participants)

- Date & Time: **Friday 15 November at 19:30**
- Venue: **Robinson Restaurant** | Városligeti tó (City Park), 1146 Budapest

Wine & Cheese Room at Leonardo Hotel is available from 22:00.

Gala Dinner

(for invited conference participants)

- Date & Time: **Saturday 16 November at 19:30**
- Venue: **Hungarian Academy of Sciences** | Széchenyi Square 9, 1051 Budapest

Wine & Cheese Room at Leonardo Hotel is available from 22:00.

CONSENT AGREEMENT

The Organisers reserve the right to modify the event program, schedule, speakers, and activities at any time without prior notice. We will make reasonable efforts to inform attendees of any significant changes via email or through our official channels.

When attending this conference you agree on the collection and processing of your personal data and on the publication of the audio and video recordings.

CONFERENCE PROGRAM

FRIDAY 15 NOVEMBER 2024

12:30 **OPENING** Péter Hegyi

CHAIRS Márta Balaskó, Jason Bruce

12:45 - 13:15 Genetic screening in post-acute pancreatitis management Miklós Sahin-Tóth
Los Angeles, US

13:15 - 13:30 Novel therapeutic targets in chronic pancreatitis: preclinical findings and translational possibilities József Maléth
Szeged, HU

13:30 - 13:45 Investigation the mechanism of drug-induced pancreatic damage Petra Pallagi
Budapest, HU

13:45 - 14:00 Newcomers in the genetics of pancreatitis Eszter Hegyi
Budapest, HU

14:00 - 14:15 Altered exocrine function in diabetes Viktória Venglovecz
Szeged, HU

14:15 - 14:30 New insights into CFRD Andrea Párniczky
Budapest, HU

14:30 - 14:45 The role of common genetic variants in pancreatitis Balázs Németh
Szeged, HU

14:45 - 15:15 **COFFEE BREAK**

CHAIRS Miklos Sahin-Toth, Viktória Venglovecz

15:15 - 15:45 How the exocrine pancreas damages distant organs Vijay P. Singh
Phoenix, US

15:45 - 16:00 The impact of triglyceride level on the risk and outcome of different diseases Luca Havelda
Budapest, HU

16:00 - 16:15 Metabolic syndrome and its components individually worsen the outcome of acute pancreatitis Dalma Köves-Dobszai
Pécs, HU

16:15 - 16:30 Risk factors for diabetes mellitus after acute pancreatitis – a systematic review and meta-analysis Olga Zahariev
Budapest, HU

16:30 - 17:00 Insulin protection during acute pancreatitis Jason Bruce
Manchester, UK

17:00 - 17:15 Protective effects of Sprotone during acute pancreatitis Rinta Mathew
Manchester, UK

17:15 - 17:45	COFFEE BREAK	
CHAIRS	Orsolya Dohán, Tamás Hussein	
17:45 - 18:15	Pancreatic cancer diagnosis after acute pancreatitis	Tamás Gonda New York, US
18:15 - 18:30	Pancreatic cancer associated with acute pancreatitis: a cohort analysis	Stefania Bunduc Bucarest, RO
18:30 - 18:45	The relationship of acute pancreatitis and cancer	Jimin Lee Gunsan, ROK
19:30	WELCOME RECEPTION Robinson Restaurant	1146 Budapest City Park
SATURDAY 16 NOVEMBER 2024		
CHAIRS	Tibor Gyökeres, Andrea Párniczky	
09:00 - 09:30	Key Performance Indicators in acute pancreatitis	Bálint Erőss Budapest, HU
09:30 - 09:45	Metabolic changes after acute pancreatitis	Mónika Lipp Budapest, HU
09:45 - 10:00	Pancreatic exocrine insufficiency after acute pancreatitis	Orsolya Eperjesi Budapest, HU
10:00 - 10:15	The degree of obesity has a serious effect on the outcome of acute pancreatitis	Andrea Szentesi Pécs, HU
10:15 - 10:30	Safety and effectiveness of cholecystectomy in pregnant women with biliary pancreatitis – BORN Study – an international survey	Dorottya Tarján Budapest, HU
10:30 - 11:00	COFFEE BREAK	
CHAIRS	Vijay Singh, Gábor Varga	
11:00 - 11:30	Application of metabolomics in understanding cellular behavior and disease progression	Roland Tengölics Szeged, HU
11:30 - 12:00	Lipidomics in health and disease	Gábor Balogh Szeged, HU
12:00 - 12:30	Identifying novel pediatric pancreatitis biomarkers with urine proteomics	Brian C. Searle Columbus, US

12:30 - 13:30	LUNCH BREAK	
CHAIRS	Gabriele Capurso, Áron Vincze	
13:30 - 14:00	AI in acute pancreatitis	Linda C. Chu Baltimore, US
14:00 - 14:30	The gut-pancreas axis – is the microbiome the gamechanger?	Albrecht Neesse Göttingen, DE
14:30 - 14:45	Pancreatitis – Microbiome As Predictor of Severity (P-MAPS)	Christoph Ammer-Herrmenau Göttingen, DE
14:45 - 15:00	Morbidity and mortality by microbiome patterns in acute pancreatitis (preliminary results of the MAMBA trial)	Richard Meier Göttingen, DE
15:00 - 15:15	The fungeome and its impact on pancreatic disorders	Rahel Scholz Göttingen, DE
15:15 - 15:30	Autoimmune pancreatitis and microbiome: review of the literature	Sara Nikolić Maribor, SLO
15:30 - 16:00	COFFEE BREAK	
CHAIRS	Péter Hegedűs, Brigitta Teutsch	
16:00 - 16:30	Role of imaging in acute and post-acute pancreatitis	Chenchan Huang New York, US
16:30 - 16:45	Incidence and management of splanchnic vein thrombosis in pancreatic diseases	Brigitta Teutsch Budapest, HU
16:45 - 17:00	CT body composition as predictor of severity and mortality of acute pancreatitis	Ruben Borbély Budapest, HU
17:00 - 17:30	The role of MRI in acute pancreatitis	Abraham F. Bezuidenhout Cambridge, US
17:30 - 17:45	High prevalence of pancreatic cancer after acute pancreatitis	Tamás Hussein Budapest, HU
19:30	GALA DINNER Hungarian Academy of Sciences	1051 Budapest Széchenyi Square 9

SUNDAY 17 NOVEMBER 2024

CHAIRS Ferenc Izbéki, Rita Nagy

09:00 - 09:30 Disease modifiers and risk of progression from benign to malignant pancreatic lesions Gabriele Capurso
Milano, IT

09:30 - 09:45 Atrial fibrillation and abnormal repolarization on ECG are associated with higher mortality and severity in acute pancreatitis – a systematic review and meta-analysis Veronika Lillik
Budapest, HU

09:45 - 10:00 Dr. I had an acute pancreatitis, what should I expect? Lucía Guilabert
Alicante, ES

10:00 - 10:15 The impact of metabolic dysfunction – associated steatotic liver disease on patients with acute pancreatitis: Implications for disease outcomes and treatment approaches Szilárd Váncsa
Budapest, HU

10:15 - 10:30 EASY-APP is a more reliable prognostic tool than BISAP in acute pancreatitis Jázmin Németh
Budapest, HU

10:30 - 11:00 Splanchnic venous thrombosis in acute pancreatitis Santhi S. Vege
Minnesota, US

11:00 - 11:30 **COFFEE BREAK**

CHAIRS Mónika Lipp, Szilárd Váncsa

11:30 - 11:45 Discharge protocol in acute pancreatitis Rita Nagy
Budapest, HU

11:45 - 12:00 Experience with endoluminal interventional endoscopic care of demarcated pancreatic necrosis (WOPN) at the Institute of Pancreatic Diseases Péter Jenő Hegyi
Budapest, HU

12:00 - 12:15 The risk factors of acute pancreatitis progression into recurrent acute pancreatitis and chronic pancreatitis – a systematic review and meta-analysis Endre Botond Gagyi
Budapest, HU

12:15 - 12:30 Pancreatitis risk genes and the course post acute pancreatitis Maisam Abu-El-Haija
Cincinnati, US

12:30 - 12:45 Exploring the links between psychological conditions and pancreatitis Tibor Fehér
Budapest, HU

12:30 **CLOSING** Péter Hegyi

Support acquiring non-fragmented, or intact tissue samples for pathological evaluation

EZ Shot3 Plus

Uncompromised Access to the Pancreatic Head

Needle flexibility provides unparalleled access

- Reduced insertion force when scope is angulated
- No need for scope position adjustments to compensate for stiffer needle
- Improved access to lesions in difficult locations

ADVANCED TECHNOLOGY IN HUNGARY

MICROMEDICAL LTD

The mission statement of Micromedical Ltd.

MicroMedical aims to represent novel technology medical device manufacturers.

As a medical device distributor, MicroMedical is helping both patients and physicians finding solutions for their unmet needs, by delivering advanced technology.

The company focuses on endoscopy diagnostic and therapeutic solutions.

We find it essential to act upon the highest standards of ethical conduct

MicroMedical was established in 1993 and is a privately held medical distributor company, operating only in Hungary.
